

Visual Arts Gallery

The Visual Arts Gallery, located in Dearlove Hall since 1984, schedules a variety of exhibitions that emphasize creativity, vision, and imagination. Included are group and solo shows by artists of local, national, and international reputation. A juried exhibition of student art takes place in late April and May, followed by a First Year's exhibition of work by recent BFA and MFA graduates in our area who have had contact with SUNY Adirondack in the past.

In 1999, the college received an art collection from the late Hudson Falls poet, William Bronk. This art forms the basis of the SUNY Adirondack Art Collection which continues to grow. The work is displayed in public places throughout the campus.
