

Residence Life

The Residence Life Department of the Student and Residential Life office, focuses its energy on the co-curricular experience, which is an important and valued component of a student's development. Students are provided with opportunities to strengthen their educational objectives through the living and learning process in a residence hall, and through participation in an assortment of student organizations and activities. The program considers students' education and social needs, safety and health standards, and the overall educational objectives of SUNY Adirondack.
