SUNY General Education Courses

The following course attributes meet the respective SUNY General Education requirements. These attributes can be seen on the courses located in Self-Service Banner and/or Degree Works. Up until Fall 2023, SUNY was approving general education coursework and beginning Fall 2023 the College is only required to approve general education curriculum. **Please note:** All students should consult with an advisor for appropriate course selection.

SUNY General Education 2010

Students who were admitted prior to Fall 2023, who are considering transfer to any four-year SUNY institution in any major are required to earn a minimum of three credits in each of seven general education knowledge areas listed in this table, in the process of completing their associate degrees. Students will be required to fulfill this requirement in all ten knowledge areas before receiving a baccalaureate degree. No course listed in the table may be used to fulfill more than one knowledge area.

Knowledge and Skills Area	Campus Attribute
